

PRIMA INDUSTRIE SPA

Province:	Torino
Web site:	www.primaindustrie.com
Sectors:	Production equipment & machineries
Company activity:	<p>Prima Power is a leading specialist in machines and systems for sheet metal working. Our offering in this field is one of the widest and covers all applications: laser processing, punching, shearing, bending, automation.</p> <p>Our manufacturing facilities are in Italy, Finland, USA and China, from which we deliver machines and systems all over the world. Our sales and service network is active in over 70 countries, with direct presence or through a network of specialized dealers. At present our installed base counts more than 10,000 systems. With our product lines ThePUNCH, TheLASER, TheCOMBI, TheBEND, TheSYSTEM and TheSOFTWARE we cover all stages of the sheet metal working process. Our family of highly advanced servo-electric solutions for punching, bending and integrated processes is the widest in the world, marketed under the slogan "Energy in Efficient Use". Undisputed leader in 3D laser machines, we are among main world players in the 2D laser segment with a wide range of top performance and highly efficient machines used in a multitude of fields all around the globe. Services are an important part of Prima Power activities and are meant to give a professional, dedicated and effective support to each of our customers all over the world.</p> <p>All our products are developed according to our "Green Means" concept, combining sustainability and productivity. Prima Power is the Machinery Division of Prima Industrie Group, listed on Milan's Stock Exchange.</p>
